Information about 67.173.0.0/16 (67.173.0.0-67.173.255.255)

Note: This lookup is taken from the global DNS servers, so if you have just delisted your host it will still show as being listed - it can take upto 48hours to expire from this page.

Similarly, if a host has just been listed it will take at least 60 minutes to show up on this lookup page. For current and accurate database information you should use the [Database Lookup page](#).

Netblock: **67.173.0.0/16** (67.173.0.0-67.173.255.255)

Last Seen: Sun Apr 25 13:55:43 2004 GMT

Additional Information: Dynamic/Generic IP/rDNS address, use your ISPs mail server or get rDNS set to indicate static assignment.
